

Whippany River Watershed *Action* Committee

## Is Flooding Getting Worse in New Jersey?

**Dr. Kirk Barrett**  
**Director of the Passaic River Institute**  
**Montclair University**

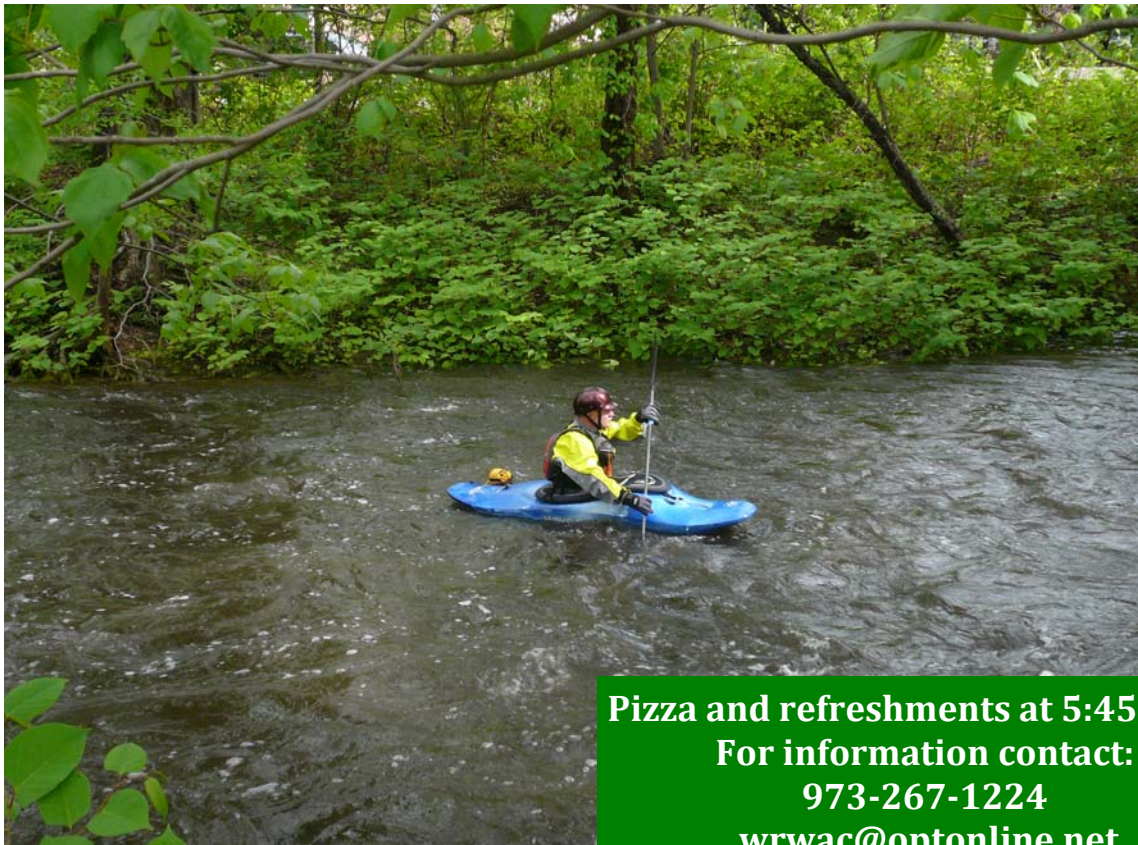

**Wednesday, March 4, 2009**

**6:00 PM**

**Morris County Library**

1<sup>st</sup> Floor—Large Conference Room  
30 East Hanover Avenue, Whippany  
(Across from Frelinghuysen Arboretum)

The Passaic River Institute recently conducted a study which determined how stream flow has changed over time based on readings from 53 stream flow gauges throughout New Jersey.

Pizza and refreshments at 5:45 p.m.
